effie AWARDS
EUROPE

Welcome

It is my pleasure to invite you to another edition of the Effie competition! Since 1996, the European programme is rewarding the most effective marketing communications campaigns that run in two or more European markets. Effie celebrates ideas that work. Ideas which have been brilliantly executed and demonstrated proven results in meeting challenging objectives and that brought significant business outcomes for clients and their brands.

2018 has been extremely busy for our programme. We organised, for the first time, an Effie Forum to share the most successful examples from Europe and have decided to set-up a Steering Committee composed of senior professionals from the client and agency side. The Committee will help to steer the overall programme and provide guidance across all programme areas, such as the call for entry, learning initiatives, awards gala, and of course categories.

Finally, we are pleased to inform you that we have decided to change the name from Euro Effie Awards to Effie Awards Europe. This change is in line with Effie's long-term development & brand strategy and reflects our commitment to growing the brand and working in closer collaboration with national Effie programmes.

Tamara Daltroff
Director General, EACA

eligibility & rules

[entry basics](#) / [entry form & reqs.](#) / [publication & confidentiality](#) / [judging](#) / [categories](#) / [contact](#)

All marketing efforts that ran in **Europe** at any point between **1 January 2018 and 31 December 2018*** are eligible to enter.

- Any and all marketing cases, whether **full campaigns or unique efforts within a campaign** are eligible to enter. You may submit any one or any multiple combination of mediums – any examples of work that demonstrate how you tackled your objectives. You must detail the “why” behind the strategy and provide proof that your work achieved significant results.
- **Do not include results after 31 December 2018.** This will result in disqualification.
- Data presented must be isolated to **Europe**.
- Your work must have made an impact during the eligibility period and the results you provide must be within this time frame. **Elements of the work may have been introduced earlier and may have continued after**, but your case must be based on data relative to the qualifying time. Judges will evaluate success achieved during the eligibility time period.
 - It is important to include context, data and results prior to the eligibility period. This enables judges to better understand the significance of your objectives and results. Keep in mind that not all judges are knowledgeable of the nuances of your brand’s industry.
- Effie Worldwide does not accept test efforts into the Effie Awards competition.
- A single effort cannot be submitted as different entries in the same category by different organisations. Teams must collaborate on a single entry. Different teams may take the lead on entering the same work in different categories.
- The Effie Awards Europe reserves the right to re-categorise entries, split/redefine categories and/or refuse entry at any time.

SPECIAL CIRCUMSTANCES

- **Sustained Success:** At a minimum, entries in the Sustained Success category must include results that date back to 1 January 2016. Results must be provided through the current competition year. Refer to the **Sustained Success category definition & entry form** for further information.
- **Best of the Best:** entries in this category must have won Gold in the national Effie programme in Europe in 2018.

RE-ENTERING PAST WINNING WORK

If your work continued running in this year's eligibility window and you have results from this eligibility window, you may re-enter past winning efforts within the following requirements:

- 👏 **2018 Gold Effie winners** can re-enter a category in which they did not win Gold and can re-enter the same category after two years.
 - Note: If you are interested in entering a different effort by the brand into the same category, it may be eligible for entry. See below.*
- 👏 **Past Silver and Bronze Effie winners** can re-enter any category.
- 👏 **Past Gold Sustained Success winners** can re-enter the Sustained Success category after 3 years.
- 👏 **2018 David vs. Goliath winning brands** (Gold/Silver/Bronze) are not eligible to enter the David vs. Goliath category this year. This year, David vs. Goliath winners from 2017 and earlier can re-enter this category.

*Special Circumstances: Entering A Different Effort from a Past-Winning Brand

Entrants frequently ask if they can re-enter a category where they won gold with a different effort. Different efforts are eligible to re-enter the same category in the subsequent year. Effie Europe considers a different case to be one with different strategy and creative from the entry the year prior. It is fine for the tag line to remain the same, but everything else must be different. There are always exceptions, of course, and the Effie Europe will make judgments on a case by case basis. If you wish to re-enter a category and you are unsure if your entry would violate one of the rules above, please send a brief description of the case (target, strategy, sample of creative) and how it differs from the previous case to Kasia Gluszak (kasia.gluszak@eaca.eu). You are encouraged to reach out to us prior to entry, as entry fees will not be returned to entrants who violate one of these rules.

ENTERING MULTIPLE CATEGORIES

You may enter an effort into a **maximum of 4 categories, with no more than 1 Product/Service category**. You will need to submit a separate entry and pay separate entry fees for each category submission for an effort.

Each entry should be customized to speak to the specifics of each entered category. Judges frequently express frustration when an entry clearly wasn't tailored for the category they are reviewing.

The Effie Awards Europe reserves the right to re-categorise entries, split/redefine categories and/or refuse entry any at any time.

entry basics

payment guidelines

[entry basics](#) / [entry form & reqs.](#) / [publication & confidentiality](#) / [judging](#) / [categories](#) / [contact](#)

Entry fees are locked based on the date of submission – when all parts of the entry are complete and the entrant clicks ‘Submit’ in the online Entry Portal. Entrants cannot submit an incomplete entry.

Deadlines (and their associated fees) do not “close” until 6:00 AM CET on the morning following the date listed.

ACCEPTED PAYMENT METHODS

Entrants may pay for their entries via **credit card** or **bank/wire transfer**.

When submitting, if you do not wish to pay immediately via credit card, you will select “Generate Invoice & Submit.” This will allow you to download an invoice for payment. Your entry is not considered complete until payment is received in full.

All payments must be the respective entry deadline.

DISCOUNTS

If you are eligible for a discount, **please do not submit your entry until you have obtained your promo code** from an Effie team member. You will not be penalised with a late fee if you are waiting for your promo code.

REFUNDS & WITHDRAWING AN ENTRY

Entries are non-refundable after submission. If you need to withdraw your entry, please email Kasia at kasia.gluszak@eaca.eu with a written request to withdraw the submission.

This document outlines each question in the order the judges will review the entry. They form part of your submission but will not be seen by judges. You are not able to complete your entry without providing all information required.

FEEDBACK ON YOUR ENTRY VIA INSIGHT GUIDE

The Effie Insight Guide is a report that gives entrants feedback directly from the judges who reviewed their case. Some of the benefits of purchasing an Insight Guide include:

- Understand why your case did or did not achieve finalist or winner status.
- Improve your future entries. Whether the case is a winner or not, there are lessons to be learned from the feedback the judges provide.
- Develop your marketing communications strategy and technique. Judges provide constructive criticism of your strategy, creative, and metrics, so you can take these tips and apply them to future work.

The Insight Guide will be electronically distributed to the lead agency contact person, as listed on the credits page, in Summer 2019. The cost is €150.

entry form & requirements

overview

[entry basics](#) / [entry form & reqs.](#) / [publication & confidentiality](#) / [judging](#) / [categories](#) / [contact](#)

Entries are submitted online in the Entry Portal at effie-europe.acclaimworks.com.

Download the [Entry Form Guide & Template here](#).

Entrants can use the Entry Form Guide & Template to draft their responses and collaborate with team members, partner agencies, and clients. In the Entry Portal, entrants will need to copy their answers to each question of the entry form into the corresponding question.

The written entry tells the story of the effort from beginning to end. Each part of the submission should work together and tell a story. When writing your entry form, be sure to review the resources outlined on the prior page. Judges may not know about category norms or nuances within your brand's industry, so it is critical to provide context throughout the written case.

WRITTEN ENTRY FORM

SCORING SECTION 1: CHALLENGE, CONTEXT & OBJECTIVES (23.3% of score)

In this section, judges evaluate whether they have the necessary context about your industry category, competitors, and brand to understand your entry and the degree of challenge represented by your objectives. Judges will assess the case for both suitability and ambition within the framework of the challenge. Weight will be given to the degree of difficulty and whether the entrant has provided the context to evaluate the case's effectiveness in this section.

SCORING SECTION 2; INSIGHTS & STRATEGIC IDEA (23.3% of score)

This section prompts you to explain your strategic process and thinking to the judges. Your idea should be borne from these unique insights.

SCORING SECTION 3: BRINGING THE IDEA TO LIFE (23.3% of score)

This section relates to how and where you brought your idea to life – including your creative, communications and media strategies and the creative work itself. Judges are looking to understand why you chose specific media channels and how they relate to your strategy and audience.

SCORING SECTION 4: RESULTS (30% of score)

This section relates to your results. Be sure to provide context (category/prior year) and explain the significance of your results as it relates to your brand's business. Tie results back to the objectives outlined in Section 1.

OTHER ENTRY REQUIREMENTS

In addition to the materials for judging, you are required to submit publicity materials, company & individual credits, and additional data points for research/database purposes. You can see a full outline of these additional items [here](#).

The following pages outline additional information & requirements that will be helpful to review when preparing your submission.

top tips

TOP ENTRY TIPS FROM JUDGES

1. “Start with the executive summary before you try to write individual sections. Get your overall story really strong, crisp, clear, and inspiring. Don’t try to write the rest of the entry until you’ve done that. Keep that summary in front of you and take anyone contributing to a section of the entry through it and make sure they’re as clear as you are about the overall story!”
2. “**Concise entries stand out.** They are not only refreshing -- they encourage high marks. Remember that The Effies are about effective communication. Entries that are long on words and light on substance or impact will leave a juror with the impression that the campaign was, too.”
3. “Make sure the case tells a full story that is connected throughout, rather than a bunch of individual answers to questions. Your objectives should prove you overcame the challenge, and be specific and measurable. Your results should tie directly back to the stated objectives. Overall, the case should be clear and concise.”
4. “**Clearly tie results back to your initial objectives.** When the results presented felt vague or disconnected from the case objectives, I found myself assuming that this was due to an absence of truly convincing positive metrics to be shared.”
5. “The entrants who build their cases from a place of **honesty, authenticity, and simplicity** vs. marketing jargon were really the strongest. I’d recommend that all entrants have someone who doesn’t work in marketing read their entry to see if they can understand it. If they can, then it’s probably good.”
6. “My biggest issue was that the creative reels seemed to gloss over the creative rather than showcasing it. Don’t give me a video version of an over dramatized case. Showcase the creative and tell a rich, compelling story via your writing.”
7. “Tie together the story of **how your work drove the results** - the best cases did this seamlessly, the worst cases just threw the results out there as somehow a self-evident proof of the value of the work without explaining why or how.”
8. “Provide benchmarks, provide rationale for goals, and illustrate how the work presented drove the results.”
9. “More charts and graphs vs. words. It’s easier to see results visually than in a narrative form.”
10. “Check for grammar, typos, math, and inconsistencies.”

For more tips and detailed guidance on each of the four scoring sections, review the [Effective Entry Guide](#).

entry form & requirements

reasons for disqualification

[entry basics](#) / [entry form & reqs.](#) / [publication & confidentiality](#) / [judging](#) / [categories](#) / [contact](#)

The following will result in disqualification and entry fees will be forfeited:

- **Failing to adhere to the Effie Eligibility rules.** Data presented must be isolated to Europe, and the Effie eligibility period is **1/1/18-31/12/18. No results after 31/12/18 may be included.** Data prior to the eligibility period may be included for context. See the [Eligibility](#) section for further details.
- **Entry does not meet category definition requirements.** Entries are judged based on effectiveness within the entered category.
- **Agency names/logos** published in the entry form or in the creative materials. Effie is an agency-blind competition; no agency names should be included in the materials that judges will review (entry form, media addendum, creative reel, creative images). **Do not include any agency names in your sources – this includes agency names other than your own.** The source of data should be referenced as “Agency Research,” “PR Agency Research,” “Media Agency Research,” etc.
- **Data not sourced.** All data, claims, facts, etc. presented anywhere in the entry form must reference a specific, verifiable source. Sources must be as specific as possible in documenting all evidence, while not citing specific agency names. Provide source of data, type of research, and the time period covered. The Entry Portal is set up to encourage sourcing via footnotes. **Refer to the “sourcing data” page for more information.**
- **Including screen grabs or other images of your creative elements in your written entry form.** Entrants may not include any images of creative work, screenshots of social media or other websites, or any other pictorial elements in the written entry. An images of creative work must be provided as part of the Creative Examples for Judging. Charts/graphs are allowed to be included in the written case.
- **Directing Judges to External Websites.** Entrants are judged solely on the materials presented in their written entry and creative examples (creative reel + images). Entrants are not permitted to direct judges to websites for further information or for further examples of work.
- **Missing Translation.** All entries with non-English creative materials must include a translation page at the end of your entry form or via subtitles within the creative materials.
- **Violating Creative Example (Reel, Images) Rules.** Entrants must follow all creative reel rules as outlined in the entry kit. This includes, but is not limited to: competitor logos/creative work and results may not be included in the creative examples; time limits must be followed. See full rules, including guidelines on editing and content, in the [Creative Requirements](#) section of the entry kit.

entry form & requirements

sourcing data

[entry basics](#) / [entry form & reqs.](#) / [publication & confidentiality](#) / [judging](#) / [categories](#) / [contact](#)

All data, claims, facts, etc. included anywhere in the entry form must include a specific, verifiable source. Entries that do not source data will be disqualified.

In the entry portal, the entry form has a SOURCING box provided at the bottom of each scoring section for all references/footnotes. This allows entrants to provide sourcing affecting word limit restrictions.

1. When submitting your responses to questions 1-4, you must provide a source for all data and facts. At the end of a sentence that requires a source, use the SUPERSCRIPT feature to number your sources.
2. In the Sourcing box, numerically list your citations.

SUGGESTED SOURCING LAYOUT

Source of Data/Research, Research/Data Type, Dates Covered.

ADDITIONAL GUIDANCE

- Because of Effie's specific eligibility time period, entrants are required to **include the dates covered for all results data** presented in your case.
- **Judges are not permitted to visit external websites.** If citing a website, please list out the website name, article name (if applicable), and any other relevant citation information, so that the judges know the source without clicking on the link.
- All data must be included in your response to questions 1-4. Entrants may not add additional information or explanation in the sourcing section. The sourcing sections may only be used to provide citation.
- **Use the specific name of the company to reference a source except when the source is an agency** (ad, media, or other). Because Effie is an **agency-blind competition** we require agency research to be referenced via the term "Agency Research." This applies to all agencies, **not limited to the entering agency**. For increased specificity, entrants are encouraged to list type of agency when applicable, such as: PR Agency Research, Media Agency Research, Third Party Agency Research, etc. As with all other sourcing, include any other relevant citation information (type of research/data, dates covered, etc.).
 - Research Companies should be cited by name.
- Judges encourage third-party data when available.
- The Effie Awards Europe reserves the right to check all sources provided for accuracy.

effie reminder: When citing data, do not list any agency names. Data provided anywhere in the entry form must be sourced.

entry form & requirements

creative reel

[entry basics](#) / [entry form & reqs.](#) / [publication & confidentiality](#) / [judging](#) / [categories](#) / [contact](#)

PURPOSE OF THE CREATIVE REEL: TO PROVIDE JUDGES WITH EXAMPLES OF THE CREATIVE WORK THAT YOUR AUDIENCE EXPERIENCED.

Your creative work is scored as part of **Scoring Section 3: Bringing the Idea to Life**, which also includes your written response to Question 3 and the data presented in the Media Addendum. This section accounts for 23.3% of the total score.

CONTENT

- 👏 **At minimum, 70% of the reel must be examples of creative work the audience experienced.**
- 👏 **Label each creative example by type of media (TV spot, Radio spot, etc.).**
- 👏 **No results (of any kind) may be included.**
- 👏 **4-minute maximum**

The creative reel should showcase the creative that brought the big idea to life. **Judges are often frustrated when reels do not show enough examples of the creative work and too much time is spent re-telling the story told in the written case study.**

Judges are required to read the written case before viewing the creative reel, so it is not necessary to repeat your written case. Any set-up or explanation may not interfere with the judge's ability to review sufficient examples of your creative work. Creative and communication elements submitted must directly relate to your Strategic Objectives and Results outlined in the written form, and must have run in the marketplace.

“The creative reel should showcase all of the work that I've just read about and want to see. I'd rather clearly see the different executions over hearing setup.”

You do not need to feature all items selected in the communications touchpoints checklist, only those integral to the case's success that are explained in your written case. Points will be deducted if the importance of print ads, for example, is mentioned in the written case, but not demonstrated in the reel. Alternatively, creative elements that are shown in the reel, but not outlined in the written case are cause for down scoring. The creative reel should complement your response to Question 3.

Because the judges read the written case first and the focus of the reel is on the creative work, no results – hard or soft - may be included in the creative reel. Judges are aware that results are not allowed in the reel and express frustration when entrants submit reels with statements that reference results.

entry form & requirements

DO NOT INCLUDE

- Results of any kind – including numbers of social media likes, followers, etc.*
- Competitive work or logos
- Agency names, logos or images
- Any stock music/images that will cause confusion for judges with how your work ran in the marketplace. Any stock music/images that did not run in the original creative that you do not have the rights to include.
- Editing effects that cause confusion with how the work ran in the marketplace, e.g. music or voiceover added on top of TV spots.

MUST INCLUDE

- At least one complete example of each of the integral communications touchpoints mentioned in the written case (question 3)* - includes any type of work (print, radio, web, OOH, TV, etc.)
- If time allows, additional examples of specific creative materials
- Translation for non-English work

* You may edit down video clips longer than 60 seconds when it is necessary to do so in order to show other examples of your work. However, you should showcase as much of the example as you can to give judges a clear understanding of what your audience experienced.

Any video elements 60 seconds or shorter must be shown in full.

STOCK IMAGES & MUSIC THAT DID NOT RUN IN YOUR CREATIVE WORK

Do not add music/stock images that did not run in your original creative work to your reel unless you secure the rights to include those supplemental materials.

Effie Worldwide is a 501(c)(3) non-profit educational organisation that shows the work for educational purposes of honoring effective marketing communications ideas and the successful teams (client and agency) creating them. In regards rights/licensing for talent/music that ran as part of the original creative work, we recommend that entrants talk to their company when entering about the policy for entering award shows – most award shows have the same requirements as Effie does, and this can help resolve any questions. As long as elements featured on the reel are the work for the campaign/effort you are entering, you should not run into an issue with rights/licensing.

SUSTAINED SUCCESS SUBMISSIONS

- 5-minute maximum
- Feature work that ran in the **initial year** (initial year is either A) year case started or B) more than 3 competition years ago; before 31/12/15), **at least 1 interim years**, and the **most current year** (1/1/18 – 31/12/18) of the case.
- Clearly mark the **year the work ran** in the marketplace **before (or as) the work is shown** on the reel.

IMAGES OF THE CREATIVE WORK FOR JUDGES (2 required, 6 max.)

After the judges read your case and watch the creative reel, they review images of your creative work. Images uploaded should complement your reel and help the judges better evaluate creative elements that ran in front of your audience.

It can be helpful to provide images of work best seen as a still image (e.g. website, print ad, direct mail piece, etc.). Or, you may wish to upload work that you want judges to get another look at after watching the reel.

- 👏 This is an opportunity to showcase your creative work:
 - Highlight elements that are better seen as a still image vs. video format
 - Draw further attention to key creative elements you wish to highlight
- 👏 Upload 2-6 (2 required) examples of the creative work.
- 👏 **Technical Requirements:** .jpg format, high-res. 15 MB max.
 - Do not include agency names or logos on any creative materials submitted for judging.
- 👏 One of the top complaints from last year's judges was that entrants were not maximizing the opportunity to showcase the work in these images.

COMPANY CREDITS

Space has been provided in the Entry Portal to credit a maximum of two lead agencies (1 required), two clients (1 required), and four contributing agencies (none required).

- You may credit a second Lead Agency and they will be given equal recognition by Effie Worldwide. In order to be considered a second lead agency, you must certify that the work done by each agency was of equal weighting and each agency deserves equal recognition. Second Lead Agencies must be designated at time of entry – **you may not add or remove second lead agencies after the entry period.**
- If you are an advertiser submitting in-house work, please list your company as both the Lead Agency & Client. You may also credit any contributing companies who assisted with the effort.
- Please confirm the spelling and formatting of other company names to ensure they will receive proper credit in the Effie Index and in all forms of publicity if your effort is a finalist or winner.

INDIVIDUAL CREDITS

Primary Individual Credits (10 max.): Entrants may credit up to ten individuals from any of the credited companies who were integral to the success of the case. Individuals may be listed in the [Awards Journal](#) and the [Case Study Database](#).

CREDIT AMENDMENT POLICY

- **Effie's policy is that those recognized on the work at time of entry deserve recognition at time of win. At no time will Effie permit individual or company credits to be removed or replaced.**
- **Client & Lead Agency** credits are final at the time of entry and cannot be removed or added after the entry is submitted.
- Credits must be thoroughly reviewed at time of entry by senior account leadership. All credits must be signed off by senior leadership on the "Authorization & Verification Form," downloaded in the Entry Portal after credits have been added to the entry.
- Additional contributing company credits and individual credits can be added after time of entry only if the entry did not already credit the maximum number of contributing companies and individuals permitted. Credit additions and amendments require a **€200 fee** per change and are not guaranteed. **No credit edits/additions are permitted after 30 June 2019.**

All credit requests will be reviewed and accepted at the discretion of Effie Europe and are not guaranteed.

THE EFFIE INDEX

The Effie Index (effieindex.com), the global ranking of marketing effectiveness, uses the credits submitted at time of entry to tabulate the yearly rankings. Rankings include: Marketers, Brand, Agency, Independent Agency, Network and Holding Company. Below is some guidance on how the credits lead into the rankings.

- If your case becomes a 2019 Effie finalist or winner, the submitted credits will be used to tally the Effie Index results. Because different point values are given to lead and contributing companies, it is critical that all brands and companies are properly credited at time of entry.
- We request that all entrants communicate with their own corporate/communications office and the offices of their credited partner companies and/or PR departments to ensure all client and agency company names are credited correctly. This information should be communicated to contributing companies as well. Review [last year's rankings](#) to see if/how your company office was listed last year.

AGENCY RANKINGS

- Agency office rankings are compiled using the Agency Name, city and state as listed on the Credits Tab of the Entry Portal. Whether or not the city/state is included in the "Agency Name" field, the Index rankings will be based off of the location of the office using the city/state fields. Effie encourages consistency year-to-year.
- Be sure to guide all teams entering in the competition within your office to list the company name in a consistent manner – this includes consistent capitalization, spacing, punctuation, abbreviations, etc. This will ensure all finalist/winning cases from your office location can easily be tabulated together.

AGENCY NETWORK & HOLDING COMPANY RANKINGS

- Agency networks and holding companies are selected via a drop down in the Entry Portal.
- The way the agency name is entered in that field does not affect the Agency Network or Holding Company rankings, though it will be reviewed for accuracy.

Effie Worldwide is a 501(c)(3) non-profit organisation that stands for effectiveness in marketing communications, spotlighting marketing ideas that work and encouraging thoughtful dialogue about the drivers of marketing effectiveness. In order to help fulfill this mission and provide learning to the industry, Effie relies on entrants' willingness to share their finalist and winning case studies with the industry.

By providing permission to publish your written case, you are:

1. **Bettering the industry.**
By allowing other marketers to learn from your success, you are inspiring the industry to raise the bar and make their marketing better.
2. **Bettering the future leaders of our industry.**
Colleges and universities use Effie case studies in their courses, and Collegiate Effie participants learn how to write their own effective submissions by learning from yours.
3. **Showcasing your team's success in achieving one of the top marketing honors of the year.**
Effie wins help attract new talent, prove the importance of marketing in business, and strengthen agency-client relationships.

The Effie Awards entry and judging process is designed to help all entrants present their work effectively, while ensuring the confidentiality of classified information.

To help alleviate confidentiality concerns, you can refer to Effie's policies on confidentiality and the publication of submissions in the following pages. Entrants are encouraged to reach out to Effie HQ with any questions or concerns regarding our confidentiality policies.

publication & confidentiality

publication

[entry basics](#) / [entry form & reqs.](#) / **publication & confidentiality** / [judging](#) / [categories](#) / [contact](#)

The Effie Awards competition offers finalists and winners the opportunity to have written cases published in the Effie Case Database, in turn helping inspire the industry and do their part to Make Marketing Better. The written case and creative reel will be featured on the Effie Worldwide web site and/or on Effie partner web sites or publications.

We respect that entries may have information deemed confidential. Within the Entry Portal, entrants are asked to set publishing permission for the written entry.

Entrants may select from the following options:

- **“PUBLISH AS THE CASE WAS SUBMITTED”** – You agree that the written entry form may be published as it was submitted and reproduced or displayed for educational purposes.
- **“PUBLISH AN EDITED VERSION OF THE WRITTEN CASE”** – You agree to submit an edited version of your case study for publication which will be reproduced or displayed for educational purposes. You may redact any confidential information.
- **“PUBLISH THE CASE AS IT WAS SUBMITTED AFTER THREE YEARS”** – The written case will be published as it was submitted after three years. The case will be published as it was submitted and reproduced or displayed for educational purposes.
- **“PUBLISH AN EDITED VERSION OF THE WRITTEN CASE AFTER THREE YEARS”** – You agree to submit an edited version of your case study for publication which will be reproduced or displayed for educational purposes after three years. You may redact any confidential information.

The written case is the only portion of the entry that should contain confidential information. For that reason, the written case is the only portion of the entry that is included in the above publication permission policy. The creative work (reel, images), public case summary, and statement of effectiveness should not include confidential information and will be showcased in various ways if your entry becomes a finalist or winner.

Work submitted must be original or you must have the rights to submit it.

confidentiality concerns

ADDRESSING CONFIDENTIALITY CONCERNS

JUDGING

Judging events are held in secure locations led by Effie moderators. Judges are required to sign confidentiality agreements before judging begins. Judges cannot remove materials from the judging session and are individually matched with entries and categories that do not pose a conflict of interest. For example, a judge from the Beverages industry will not judge the Beverages category.

INDEXING DATA

While judging is confidential and entrants may select publication permission for their written case, Effie understands some entrants may still have concerns regarding sensitive information. When presenting numerical data within the entry, entrants may choose to provide those numbers as percentages or indexes, so that actual numbers are withheld. Additionally, unless the entrant opts to allow Effie to publish the entry as it was submitted if it becomes a finalist or winner, only judges will see the written entry as it was submitted.

CREATIVE WORK & PUBLICITY MATERIALS

The creative material (creative reel, images, publicity materials) and case summary you submit into the competition become the property of Effie Worldwide and the Effie Awards and will not be returned. By entering your work in the competition, the Effie Awards/Effie Worldwide is automatically granted the right to make copies, reproduce and display the creative materials, case summaries, and statements of effectiveness within the context of your Effie entry for education and publicity purposes.

Creative work, case summaries, and the statement of effectiveness may be featured in the [Effie Awards Journal](#), [Effie Awards website](#), partner websites, press releases/newsletters, programming/conferences and the Effie Awards Gala. **Because materials for publicity & creative work will be published for all finalists & winners, no confidential information should be included in these elements.**

In regards to confidentiality concerns in the Creative Reel:

- Per entry rules, results (of any kind) may not be included in the creative reel.
- Entrants are only required to showcase examples of the integral creative work that ran in the marketplace. Confidential information should not be featured in the creative reel.

Entrants must have the rights to show all elements presented in the creative reel. Because Effie is a 501(c)(3) non-profit organisation with the mission of providing learning to the industry, **Effie has not encountered issues with talent featured in the creative that ran in the marketplace.** The focus of the reel should be on this creative work – entrants should obtain the rights to feature any supplemental elements (music that did not run with the creative in-market, added stock imagery not used in-market, etc.).

publication & confidentiality

confidentiality concerns

[entry basics](#) / [entry form & reqs.](#) / **[publication & confidentiality](#)** / [judging](#) / [categories](#) / [contact](#)

In extraordinary circumstances, Effie will review requests to submit an edited reel for publication. Such requests should be submitted if the case becomes a finalist, as non-finalist creative reels are only seen by judges and will not be published.

ADDITIONAL POINTS

This year's eligibility time period is 1 January 2018 – 31 December 2018 and the awards will be presented in October 2019. For some companies, this delay may alleviate some concerns regarding sensitive data.

Companies across the full spectrum – from large to small and across all industry sectors enter the Effie Awards. The Effie Award's confidentiality policy, the ability to index data, the ability to set publication permissions, etc. are all established to ensure that any company can enter their effective work without hesitation.

We recommend nominating your client and agency team members for judging. Participating as a judge is one of the most valuable ways to learn about the award, understand how judging works, and experience our security and confidentiality rules firsthand.

To nominate a judge, please send an email kasia.gluszak@eaca.eu.

Effie Steering Committee members are senior, well-respected professionals in the industry on both the client and agency side. If you are interested, we would be happy to set up a time for them to talk to you about confidentiality during judging; how to involve key team members in the judging process; and how you can submit indexed data. If you would like to have a further discussion about confidentiality, please email kasia.gluszak@eaca.eu.

judging

scoring

[entry basics](#) / [entry form & reqs.](#) / [publication & confidentiality](#) / **judging** / [categories](#) / [contact](#)

Your entry will be judged by some of the brightest and most experienced business leaders from Europe. We draw on their experience to not only judge the work of their peers but to highlight learning for the industry overall. Entries are judged in two phases. In both rounds, judges evaluate the written case and creative executions. Scoring is done anonymously and confidentially. Judges provide feedback on each case for the Insight Guide.

The judges' scores determine which entries will be finalists and which finalists are awarded a gold, silver, or bronze Effie trophy. The finalist level and each winning level – gold, silver, bronze – have minimum scores required in order to be eligible for finalist status or for an award. Effie trophies are awarded in each category at the discretion of the judges. It is possible that a category may produce one or multiple winners of any level or perhaps no winners at all – no matter the number of finalists.

SCORING SYSTEM

Judges are asked to evaluate specific criteria in scoring a case's overall effectiveness and provide four separate scores analysing specific attributes of the work.

The breakdown is as follows:

Challenge, Context & Objectives	23.3%
Insights & Strategic Idea	23.3%
Bringing the Idea to Life	23.3%
Results	30%

Jurors are specifically matched with cases that do not prove a conflict of interest. For example, a judge with an automotive background would not review automotive cases. For this reason, it is critical that entrants **provide market and category context** in their entries. Give judges a clear understanding of the category situation and explain what your KPIs mean in the context of your category.

ROUND ONE

Round One Judges **review approximately 15-18 cases across a range of categories**. Each jury member reviews a unique set of cases across multiple categories. Due to the volume of entries reviewed by each judge, **brevity is encouraged**. Cases that score high enough become finalists and move on to Final Round Judging.

FINAL ROUND

Finalists are judged against other finalists within their category, and like Round One, all elements of each case are reviewed and scored. Final Round judges discuss the finalists in the category before finalising their scores.

THE GRAND PRIX

The highest-scoring Gold Effie winners are eligible for the Grand Prix. The Grand Prix represents the single best case entered in a given year. As the Grand Jury is so senior and they express their collective opinion, the winning case represents both the most effective case of the year and a message that will be sent to the industry about lessons for the way forward. Only a select number of the highest-scoring Gold winning cases are considered contenders for the Grand Effie award.

- Note: Because of the unique time period of the Sustained Success category, Sustained Success cases, as well as Best of the Best cases are not eligible for the Grand Effie Award.

NEW FOR 2019: 4 CATEGORY LIMIT

To honor even more great work, efforts can be entered into a maximum of four categories. Of those four categories, only one category submission may be a product/service category. You are not required to enter a product/service category – you may enter four specialty categories instead.

- 👉 Each entry should be customised to speak to the specifics of each entered category whenever applicable. Judges are often frustrated when an entry clearly wasn't tailored for the category they are reviewing.
- 👉 You will need to complete a separate entry form and pay the entry fee for each additional category.
- 👉 The Effie Awards reserves the right to re-categorise entries, split/redefine categories and/or refuse entry any at any time. Test market entries are not eligible for the Effie Awards competition.

PRODUCT & SERVICE CATEGORIES

There are 12 product and service categories to choose from. Category definitions provide guidance regarding the types of products/services that may enter that category; however, it is not an exclusive list. If you are unsure what category best fits your brand, please email kasia.gluszak@eaca.eu.

You may only enter one product/service category per effort.

SPECIALTY CATEGORIES

The Specialty Categories are designed to address a specific business situation or challenge. There are 16 specialty categories, with focuses on audiences, business challenges, health, media, business solutions and industry trends.

When entering into these categories, you should present your entry in a way that addresses the situation or challenge as outlined in the category definition. It is critical to thoroughly review these category definitions to ensure your effort meets the criteria of the specific category definition. Judges will down score your entry if you are missing information required by the category definition.

What category should I enter?

Review [category definitions](#) and past winners [here](#). If you are unsure if your case falls under the definition of a certain category, or you aren't sure which category it should be entered in, please email kasia.gluszak@eaca.eu with a brief synopsis of the case, examples of the creative, and the categories you are considering.

What category gets the least number of entries?

Effie does not reveal entry numbers. The number of entries in a category does not significantly affect your chances of winning an award. If a category has more qualifying entries than we can advance in a given year, we will look into ways of splitting a category in order to honor more great work.

Do I need to use a special entry form for my category?

There are five entry forms for the 2019 competition:

-  Main Entry Form
-  Sustained Success Entry Form
-  Positive Change: Environmental Entry Form (for Positive Change: Social Good, please use the Main Entry Form)
-  Marketing & Business Solutions Entry Form
-  Best of the Best Entry Form

Can I re-enter past winning work?

You may re-enter past winning work within the following requirements:

-  2018 Gold Effie winners can re-enter into a category in which they did not win Gold and can re-enter the same category where they won Gold in next year's competitions. Gold Effie winners from 2017 and earlier can re-enter any category, with the exception of Gold Sustained Success winners.
-  Past Silver and Bronze Effie winners can re-enter into any category.
-  Past Gold Sustained Success winners can re-enter the Sustained Success category after 3 years.
-  2018 David vs. Goliath winning brands (Gold/Silver/Bronze) are not eligible to enter the David vs. Goliath category this year. This year, David vs. Goliath winners from 2017 and earlier are eligible to re-enter this category.

- **Media Innovation.** Changing the rules to maximise impact.

This case will showcase those who had the insight and creativity to change the way a particular media channel is consumed. The award will go to those who reached out of the conventional approach to grab their audience and effectively engage with them.

Whether the effort was one execution or multiple, and/or used one engagement channel or multiple – the work must represent new and creative usage of media channels we know and love, or have not yet met.

- **Brand Re-vitalisation.** For a campaign which has successfully proven re-vitalisation of a brand. The marketing communications must have been key to the success of the brand re-vitalisation.

- **Long-term Effectiveness.** A campaign which has run for a minimum of three years, with proof that the choice and use of marketing communications were key to the campaign's success.
Please ensure that you have data to support your campaign for a minimum of 3 years.

Failing to supply data from all 3 years or more will result in disqualification
- **David vs. Goliath.** This is an award for 1) smaller, new, or emerging brands making inroads against big, established leaders, or 2) established small brands taking on 'sleeping giants' or 3) companies that moved into a new product/service field with large, well-established competitors (however, your brand cannot be a sub-brand of a larger company).

Entrants must detail the business challenge, the competitive landscape, and how their business succeeded despite the odds. You are required to define your competitive landscape, including the market difference between the David and Goliath to demonstrate why your brand was a David.

Judges will deduct from your case if you do not sufficiently prove that your brand is a David in the situation.

- **Brand Experience.** This category is not for efforts that focused on TV, radio or print ads to connect with an audience. It is meant to showcase how you can create a brand experience beyond traditional advertising.

Only work that truly brought a brand or product to life - either literally or virtually - and interacted with a specific audience to achieve desired objectives should be entered.

You may have re-invented the product demo, re-imagined the pop-up store, or led a bricks and mortar retail overhaul; you could have created a new game or interactive film experience that effectively showcases a new product or brand personality - it could have been anything. As long as you can prove it truly came alive and worked.

The winners of this award will be the work that shows how advertisers are reaching out to their audiences to establish meaningful relationships, memorable, engaging experiences, and unique connections with their brands. Entrants in the Brand Experience category must address how the brand experience related back to the overall brand strategy.

- **Government, Institutional & Recruitment.** Municipal or state economic development, lotteries, utilities (i.e. electricity conservation messages), membership drives, educational institutions/organizations, armed forces marketing communications. Includes political messages and special interest/trade group communications.
- **Branded Content.** This category is for efforts that effectively reached their audience through the creation of original branded content that is not advertising. The

award honours branded content led ideas that are the heart of the communications program. Entrants must detail the content created, how it related back to the overall brand and business goals, how it was distributed to, and shared by, the audience, and the results it achieved for the brand and business. Branded content may be produced and distributed by either publishers or independently.

- **Carpe Diem.** This category is looking for those brands that had the insight to know how and when to 'throw a stone into a pond' and maximize the ripple effect from that initial throw.

The cases entered into this category will show how to put a brand or product/service in an intensely bright spotlight to create immediate and measurable impact.

Winners will represent those who had the insight and creativity to craft those unexpected and unconventional moments for a brand. The best examples will see live experiences, moments, stunts, and tactics, online & off line, perhaps amplified through PR, social media, digital engagement, or even the use of content created in the moment to fuel paid campaigns.

This category spotlights those effective strategic efforts that were able to generate real desired results as a direct outcome from a single significant moment of activity.

Positive Change: Environmental

The Positive Change: Environmental category celebrates efforts that have measurably shifted audience behavior toward more environmentally sustainable choices, and/or grown demand for more sustainable products and services by incorporating environmentally-conscious messaging into their marketing communications.

Winners of this award showcase how effective marketing communications that incorporate sustainable strategies can make a positive difference for brands and for the environment.

Over and above the standard Effie Europe requirements to demonstrate a positive impact on business, there are specific areas of interest that relate to this award.

Efforts entered must have as one of their main strategic objectives changing audience behavior towards more environmentally sustainable choices and environmentally conscious messaging must be a part of the marketing communications.

Entrants should address how the sustainability goal relates back to the overall brand and business strategy.

Criterion for this award is the result of behavior change toward more environmentally sustainable choices, with these elements being considered in judging:

- **Awareness** – Making the audience aware of a sustainable product, service or action
- **Trial** – Trying the sustainable product or service for the first time.
- **Product / Service Substitution** – Switching to a more sustainable product or service
- **Change in Use** – Using a product/service more sustainably than before

Enter your case into one of the following categories:

Positive Change: Environmental – Brands

Recognizing brands with marketing programs that have measurably shifted audience (B2B or B2C) behavior toward more environmentally sustainable choices, and/or grown demand for more sustainable products and services by incorporating environmentally-conscious messaging into their marketing communications.

Positive Change: Environmental – Non-Profit

Recognizing non-profit organizations and associations with marketing programs that have measurably shifted audience (B2B or B2C) behavior toward more environmentally sustainable choices, grown demand for more sustainable products and services, and/or measurably drove positive impact for their cause by incorporating environmentally-conscious messaging into their marketing communications.

**A special entry form is required for the Positive Change: Environmental categories.*

Positive Change: Social

The Positive Change: Social category celebrates marketing communications efforts proven effective in addressing a social problem or in expanding an existing program in ways that benefit our society. Any effort that sets out to give back in some way for the greater good is eligible to enter. Maybe it was for profit, maybe not. Maybe you got paid, maybe you didn't. Any and all marketing communications efforts, whether full campaigns or unique efforts within a campaign are eligible to enter as long as measurable results exist.

Positive Change: Social – Brands:

Recognizing brands that are making the world a better place by using the power of their communications platforms for "good." This category celebrates for-profit brand efforts that effectively combined business goals with a social cause (health, education, community, family, etc) and successfully related that cause back to the company's overall brand strategy, resulting in positive business and social impact.

Positive Change: Social – Non-Profit:

Recognizing non-profit organizations and associations whose communications efforts have effectively driven positive

change for society and successfully contributed back to the organization's purpose. Campaigns must show measurable impact and proven results in support of the cause.

If you have questions specific to the Positive Change categories, please email Kasia Gluszak (kasia.gluszak@eaca.eu).

Marketing & Business Solutions

[entry basics](#) / [entry form & reqs.](#) / [publication & confidentiality](#) / [judging](#) / **[categories](#)** / [contact](#)

Currently at Effie, we award advertising campaigns, but **business success is not just about corporate communication activities.** Today, marketing is present in all market activities of modern enterprises - it is present in shaping of sales mechanisms, product and pricing policy, CRM, selection of distribution channels, customer experience and many other areas.

That is why we are establishing a new category, aimed to show the entire spectrum of business activities where marketing plays a key, albeit not the only role. We want to present integrated activities in many business areas - to ask the judges to find a perfect selection of marketing-mix elements that meets the business assumptions and through appropriate execution lead to the definite success of the brand/company. Our goal is evaluation in terms of effectiveness of the marketing activities that have been appropriately communicated inside the organisation, to partners and consumers.

That is why we also want to award bold, innovative marketing and business decisions that bring unprecedented results in spite of any communications activities. Small and big steps that are not widely known, because they are not publicised in the media.

It is about ideas and activities that have the potential to change the company, but also may change the market characteristics and even consumer behavior. Current business models change under the influence of market and consumer changes, expanding access to new technological solutions - therefore, what matters most is the identification of an opportunity that exists on the market, and success achieved through well-defined goals and properly selected tools.

In this way, **we invite to Effie also start-ups, B2B companies, and companies that produce goods on a white label basis.** Finally, **we want to appreciate the fact that in today's world the boundary between marketing and strategic management is getting blurry.** Many companies look at all their activities through the lens of brand and marketing.

The aim of the new award dedicated to marketers is to award the most effective companies in which marketing is the leader of change, the most effective Marketing and Business Leaders.

The jury will assess the results in the context of business challenge set out by the entrepreneur, the action strategy developed to cope with it, and finally, the selection of tools that bring the effect of the action. Overriding values are a mix of implementation activities and the result achieved (assessed, of course, in terms of the effective employment of the available funds).

The jury will be composed of present and former Chairmen of the Effie Jury - experienced CEOs, Marketing Directors, as well as Heads of the Agencies, which achieved top places in the Effie rankings last year.

Examples of solutions, from Effie Poland, that could participate in this Effie category:

“SIMPLIFYING LANGUAGE AT ING” - where communications to consumers was only an element of the entire marketing solution (simplification of procedures, regulations, e-mail and helpline communications, trainings for helpline workers, for sales departments, etc.)

“A NEW WAY OF SELLING WINE AT SMALL SHOPS UNDER FAKTORIA WIN BRAND” - creation and implementation of a store-in-store concept under Faktoria Win brand, attractive for consumers and almost maintenance-free for the small store owners. A specially created shelf, which drew the concept from behind the counter and replaced the seller with a specially developed communications at the shelf, enabling the consumer to intuitively make sense of the offer. In addition, a shelf of “wines for all occasions” was created, where 5 main occasions to purchase wine were defined - as a gift, for a date, drinking to a meal, to relax and meeting with friends.

SPECIALTY CATEGORIES:

Small budget

For a campaign which has successfully proven effectiveness with the use of a budget under €5 million. The marketing communications must have been key to the success of the campaign.

Brand experience

This category is not for efforts that focused on TV, radio or print ads to connect with an audience. It is meant to showcase how you can create a brand experience beyond traditional advertising.

Only work that truly brought a brand or product to life - either literally or virtually - and interacted with a specific audience to achieve desired objectives should be entered.

You may have re-invented the product demo, re-imagined the pop-up store, or led a bricks and mortar retail overhaul; you could have created a new game or interactive film experience that effectively showcases a new product or brand personality - it could have been anything. As long as you can prove it truly came alive and worked.

The winners of this award will be the work that shows how advertisers are reaching out to their audiences to establish meaningful relationships, memorable, engaging experiences, and unique connections with their brands.

Entrants in the Brand Experience category must address how the brand experience related back to the overall brand strategy.

Business to Business

This category is for marketing efforts from businesses targeting other businesses. Business-to-business efforts for any type of product or service, from any marketplace segment, are eligible to enter.

Sustained success

A campaign which has run for a minimum of three years, with proof that the choice and use of marketing communications were key to the campaign's success.

Cruises, hotels, resorts, amusement parks, recreational, travel tours, travel websites and booking services, etc.

Products/Services Launch

For a campaign which has achieved a highly successful product or service launch. The marketing communications must have been key to the success of the launch.

When entering in this category, please ensure that you have data to support your campaign for a minimum of 3 years. Failing to supply data from all 3 years or more will result in disqualification. At minimum, your case must date back to 1 January 2016.

Media innovation/Idea

Changing the rules to maximise impact. Cases entered in this case will either:

- Showcase those who had the insight and creativity to change the way a particular media channel is consumed. The award will go to those who reached out of the conventional approach to grab their audience and effectively engage with them. Whether the effort was one execution or multiple, and/or used one engagement channel or multiple – the work must represent new and creative usage of media channels we know and love, or have not yet met.
- Showcase outstanding effectiveness as a result of media-led ideas. The line between what constitutes a creative idea and a media idea is blurring. There are occasions when the media idea drove the entire effort. Of course, media cannot exist without the content, but this award is intended to recognize those cases that were led by the media thinking – where the integration of media and message led to success. The award honors media-led ideas that are powerful enough to become the genesis of the communications program itself, to the extent that the program would not have been successful without the strategic media idea.

Positive Change

Recognising brands and non-profits that are promoting the greater good through marketing communications. Both, environmental and social good submissions are accepted.
